NEW FRENCH CABINET FORMED BY RIBOT

Paris, June 9.—Senator Felix Ribot succeeded in forming a new cabinet to succeed the Bourgeois ministry. This is regarded as a victory for President Poincaré.

The elevation of Ribot to Premier places his American wife in high social position. Madame Ribot was Miss Birch of Chicago.

MISS HOME RUN AND

THIS FROM EXERTION
New York, June 9.—Charles Clark, 15 years old, catcher on the baseball team of St. Stevens' Lyceum, was overcome by his exertion in running the bases at a game yesterday and died after he had scored a home run for his club. Physicians said the boy into his death from heart trouble occasioned by his strenuous efforts in the contest.

STOMACH SUFFERERS: READ THIS

So many stomach sufferers have been benefited by a simple prescription of vegetable oils which cured a Chicago druggist of chronic indigestion, liver and intestinal trouble of years standing that we put you under to try this remedy. It is known as Mayr's Wonderful Stomach Remedy. One dose will cure you. It usually gives relief within 24 hours. It is the most stubborn cases. Mayr's Wonderful Stomach Remedy is the only one.

SUFFRAGE IS SOLE TOPIC AT CLUB MEETING

Chicago, June 9.—Suffrage was almost the sole topic of discussion of the thousands of women here for the biennial convention of the general federation of women's clubs.

First business session of which will be held tomorrow.

Helen Boswell, of New York, will lead the suffrage argument on the floor and it is predicted that resolutions demanding the vote will be passed with a "whoop," although it has failed of passage at previous conventions.

Dress was second in interest to suffrage. Most of the delegates will wear plain cloth suits until Thursday night when a reception to the visiting women will be held at the Art Institute, then the latest creations will be worn.

COMMITTEE IS REBUKED

W. O. Mulkey will Get Name on Ticket, Insofar as Houston County is Concerned.

Indicating disapproval of the action of the Executive Committee, of the Third Congressional District in nominating a candidate for short term in Congress, a petition containing the names of some 350 voters of this county was filed at the probate office yesterday asking that the name of W. O. Mulkey, of Geneva, be given a place on the ticket for the short term honor.

None pledged themselves to vote for Mr. Mulkey by signing the petition, but merely signified their disapproval of the committee's action.

The executive committee met in Montgomery sometime ago and nominated J. J. Speight, former private secretary to Congressman Clayton, for the short term office. This was after Mr. Clayton had been appointed to the judgeship of the United States Court for the Middle District of Alabama. Should the committee have had the authority to nominate a man for the short term place, it is thought by many that Henry B. Stegall of Oark, according to all well established rules of the political game, should have received the nomination.

Many citizens, however, question the right of the committee to have made a nomination for the short term office. Those who argue the committee's side of the question contend that the committee was right in its authority to make an appointment, and in carrying out this claim cite an example in one of the congressional districts of North Alabama, after which the Third Congressional Committee has copied in the matter of authority of the nomination. It is said there is no law covering the question.

REPORT CAPTURE OF TWO MEXICAN TOWNS BY REBELS

Vera Cruz, June 9.—Unconfirmed reports say Quer Navara and Puebla, have been captured by the rebels. If true, Huerta's downfall may be accomplished by Zapata before the Constitutionalists attack the capital.

It was learned today that Huerta's order rescinding the Tampico blockade did not reach the Mexican gunboats when they arrived off Tampico and Admiral Mayo forbade them to put blockade into effect. Mexicans then steamed back toward Puerto Mexico. Afterward Admiral Mayo was notified the order was rescinded and he transmitted the news to the Mexican gunboats.

Chicago, June 9.—Madame Schumann-Heink, noted singer, was granted a divorce by jury from her husband, William Kapp. The court instructed the jury to bring in a verdict favorable to Madame Heink declaring the evidence showed she was a true and virtuous wife. The madame was overjoyed and declared she would never, never marry again.

GOV. DUNNE, MARRIED, GETS WEDDING OFFER

Springfield, Ill., June 9.—Governor Edward F. Dunne has a wife, nine sturdy children and one grandson, but he received a tentative proposal of marriage from a Memphis, Tenn., woman who was inspired when she read of the governor's pardoning a convict on the plea of the convict's wife.

The Governor's secretary, in reply, sent a large photograph, picturing Governor Dunne in the center of his family group.

PRESIDENT'S DAUGHTER TO TALK FOR BENEFIT OF YOUNG CLUB WOMEN

Chicago, June 9.—Special trains bearing delegates to the biennial convention of the General Federation of Women's Club continued their arrival and many thousand visiting club women were at the formal opening of the convention today.

"What the Federation of Women Clubs Can Do for Young Women" will be the title of the address to be given by Miss Margaret Wilson, daughter of the President. It was made known today.

Addai Stephenson Near Death's Door

Chicago, June 9.—Hope for the recovery of Addai Stephenson is abandoned. It is believed the former vice president cannot survive longer than two days. He is suffering from a general break down and age.

GUNNER FLOWERS ON FAIR BATHERS' CAPS

Atlantic City, N. J., June 9.—Rubber roses and cherries adorn the bathing caps of the fair sex this season. Mexican color combinations on bathing suits have replaced last year's Bulgarian display.

CONTRACTS TO BE PLACED SOON

Affairs of Southeast Alabama Fair Association Being Rapidly Pounded Into Shape for Big Show This Fall.

Contracts for the erection of a grand stand and poultry building at the fair grounds, north of the city, where the first annual exhibition of the Southeast Alabama Fair Association will be held this fall, will be let within the next thirty-six hours, it is said.

President E. R. Porter and Secretary Fred Thomas have been in conference with different parties, and have been going over the situation, but at noon today the contracts had not been closed, but indications were that they would be soon.

A contract was closed yesterday for the 150,000 feet of lumber to be used in the construction of the grand stand and the agricultural and poultry building.

While Secretary Thomas has been in conference with show men, no contracts for the midway attractions have been let, and no deals have been closed with concession men, but this will no doubt be done soon. It is said however that terms have been practically agreed upon by Secretary Thomas and a large carnival company, and the matter will go through before the committee on attractions for ratification.

The work of the association is rapidly being rounded into shape, and indications point to a big show this fall that will bring thousands of people, from all parts of this territory, to Dothan.

Thos. B. Lewis, of Houston, Tex., arrived in the city last night on a visit to his brother, C. E. Lewis. Mr. Lewis was once a resident of this section of the country, and knows most of the old families of Dothan. He is just returning from a trip east on a vacation. He is a prominent lawyer of Houston.

Mr. and Mrs. A. A. Actee left this morning for Birmingham.

BEE STINGS THROAT ALL WAY TO STOMACH

Boulder, Colo., June 9.—A bee which flew down the throat of John Andrews a farmer, kept its sting going all the way to the farmer's stomach. Andrews may die of blood poisoning, his physician says.

Guards to Have Their Rifle Shoot

An all day rifle shoot will be held at the range, east of town, by the Dothan Guards Friday, June 12. The Guards will assemble at the Armory Friday morning at 7 o'clock, and from there will go to the place where the shooting will take place.

Captain C. J. Morris has issued orders to the guards, informing them of the shoot, and asking that they take their dinners as the firing will last all day. The company medals will be contested for. Maj. or F. C. Locke of Montgomery, will be on hand as inspector.

INTERNATIONAL POLO CONTEST STARTS TODAY

Westbury, N. Y., June 9.—No sporting event in American history has drawn together a more enthusiastic, more fashionable crowd than that which came today to cheer the American and English polo teams who met here on the Meadowbrook field in the first game of the series that gives the world's championship to the victor.

It was a 40,000 crowd; one that taxed every bit of seating capacity and standing room in the immense enclosure. It was a crowd that on one side represented the wealth and aristocracy of America and Europe; on the other side that represented the middle class Americans, who came from all sections of the country so that they might be here to feel the wondrous thrill that a polo game alone can give.

The American team, favorite in the betting, went into battle carrying hundreds of thousands of American dollars on its chances to win, not only today's game, but the series as well. But even though some polo "wise men" figured that the English team isn't formidable enough to wrest the championship from the American four, a lot of English money came into sight last night and early today, and the English backers lay on by the thousands of Lord Winborne's aggregation.

Both teams are trained to the minute; their ponies, benefited by a rather extended rest, showed their eagerness for battle when they were given mild workout in the morning. The early indications were that the games today would equal in interest, in thrills and in closeness any that ever have been staged in an international polo contest.

The crowd began arriving many hours before the game was called, and amused itself during the interval by giving the "once over" to the wonderfully and daintily groomed women. Soon after daybreak the automobile caravan started to move on its way to the Meadowbrook Club from New York City, New Jersey, Connecticut and distant points in New York State. The roads that lead to Westbury were so packed with automobiles after noon hour, that the machines had to crawl along causing many persons to arrive late.

The Long Island railroad, running a fleet of special trains from New York City and Brooklyn pumped its human freight into Westbury at the rate of more than 100 a minute.

"We are in good shape," said Captain Monty Waterbury, of the American championship outfit. "We have trained hard, and we have tried to perfect our team work. I do not care to make any predictions as to the outcome of the game or the series. The English team this year strikes me as just about as strong as that aggregation last year, and everybody knows they gave us a terrific fight. They'll fight every minute during the game, and we'll fight them back and it looks to me as if the best team will win."

J. M. Koonce, of Columbia, was in Dothan today for a while on business.

MEDIATION TO BE QUICKLY TERMINATED

Mediation Headquarters, Niagara Falls, June 9.—Mediation will be successfully and quickly terminated, according to the statement of United States Envoy Lehman.

"We are getting down to definite things," says Lehman. Minister Naon says we can get through in a few days. I hope so."

American plans for effecting peace were submitted to Huerta delegates by the mediators today. There was no official statement but it is reported the plan provided for the reception of Carranza delegates without formal armistice. Mediators are convinced that Carranza can be trusted to practically stop fighting, at the same time declaring no truce exists.

Huerta is understood to have agreed to accept any terms his envoys can obtain for him.

COON BAKER VERY ILL

Coon Baker has returned from Hot Springs, Ark., where he has been ill. He was reported no better this morning.

WILSON NOT TO HURRY ISLAND INDEPENDENCE

Washington, June 9.—President Wilson does not expect that the Jones measure for Philippine independence will be passed at this session of Congress. He stated today that before he approves it he will send it to various experts on Philippine affairs, including officials of the Bureau of Insular Affairs, for their opinions.

The executive indicated to callers that the measure has not yet been put in final shape.

SENATE WILL VOTE ON REPEAL BILL TONIGHT

Washington, June 9.—That the Senate will vote on the Panama repeal bill tonight is expected by both sides. The only obstacle in the speech of Senator LaFollette. He refused to indicate how much time he will consume. The adoption of an amendment declaring the United States surrenders no rights by repeal is conceded.

HECKLERS OF JOHN D. RELEASED ON BAIL

Tarrytown, New York, June 9.—Bail of \$200 each offered today for the release of the eleven Industrial Workers of the World demonstrators, held in jail for more than a week for disorderly conduct, was furnished today and the prisoners were released. The defendants came here from New York with the avowed purpose of heckling the Rockefeller on the Colorado strike situation. They are to be tried beginning next Friday.

PARLIAMENT WILL TRY TO CURB MILITANT MOBS

London, June 9.—Ravages of suffragettes has so excited public sentiment against them that Parliament is expected to take action this afternoon to curb the growing violence.

Interruption of public worship has caused the ministers to write newspapers advocating that militants be allowed to starve to death in prison if they refuse to eat.

Fifty policemen guarded Parliament from the suffragettes' assault today. Police seized secret headquarters of militants this afternoon and found documents showing that the "arson squad" is highly paid for depredations. They had planned to make a desperate demonstration at the state hall at Buckingham Palace tonight. Several arrests were made.

Los Angeles, June 8.—John D. Fredericks, prosecuting attorney Los Angeles county, has announced his candidacy for the Republican nomination for Governor, following the withdrawal of several other aspirants.

New School District Ratified by Board

The formation of a new school district in the northern part of the county, known as district 70, was ratified yesterday by the County Board of Education in conference with Superintendent Odum. The school is situated near Johnson's mill adjacent to the dividing line between Houston and Henry counties.

Other minor matters and routine business was taken up and disposed of by the board.

DO THEY BITE YOU?

Every newspaper that does much business with foreign agencies, or other business concerns that offer advertising to the newspapers, is liable to get bit sometimes.

During March, The Eagle took a shot at the Photoplay Association of Walker, Barr, Pa., and ran their business for nearly a month. It seems that their business is done entirely on hot air. They haven't paid anything, and answer no letters.

Then comes along an offer from Harry Friedmann, who is supposed to do a general advertising business, from Baltimore, Md. He offered big copy from the South Georgia Railroad Land and Development Bureau. We admit now, that the name sounded so big that we felt a little suspicious, but even with that, we didn't make sufficient investigation as to their reliability, and let their account run about a month, and nothing has come of that. Nothing is likely to come of it, and the account will be discounted—name your price.

And while we were about it, the E. L. Caraway Medicine Co., of America, Ga., who formerly had their advertising placed through Wiley B. Jones, withdrew it from them, and gave instructions for the contract to be continued with the house direct. They never paid the account (it was sent to an attorney for collection, several months afterwards).

As these retire, let others come forward. We have never had any trouble with reliable advertising agencies. We admit that we are picked up at times, and run an ad a while before references are run down, but they only get us for about a month's business, when we strike them.

Another concern from Hot Springs, Ark. It called under the name of the Hot Springs Medicine Co. It has the postoffice department making some inquiries about it. We ran some business for them under the delusion that they were the same concern we had formerly done a satisfactory business with—the Hot Springs Chemical Co., but this was in error. There are two firms. The Hot Springs Medicine Co., hasn't seen fit to answer letters or pay their account. The other concern paid promptly.

Hereafter we shall be more particular. We confess our weakness of the past, and promise to warn the brethren of the Alabama press, every time we get stung by an out of town concern in the future.

South Carolina has had such a time of it, till it is determined to make no mistake this time, and even candidates have announced for governor. You can see how what Bismarck has done for them. You couldn't have started that many candidates to run for governor, unless people realized that a change had to be made.

COMING HOME.

Probably you know some folks who have been away from Dothan for some years. Don't despair—they'll come back. They all do, sooner or later. If they wait too long they may be brought down on the slow-buss, but they'll come, whether feet foremost or head foremost. Now you take Joe Lisle and Charlie Blum. Both have been away from here long enough to find the other good places, if there were any. Both have been on extensive visits to Dothan recently, and it's given out on unofficial authority, that they are coming back, asking that we take them in again, and give them a place.

Well, we'll take 'em this time, but they must be careful how they leave here again. Both hit Dothan the first time, bawled but happy. They left here with excellent credit and reputations for being prosperous, and they would have been far more prosperous, had they put all their eggs in one basket, and then put plenty of guards around to watch that one basket. If you must put all the eggs in one basket, be sure to place the basket at Dothan hereafter.

We welcome all ye travelers, who have wandered in a far country, looking for pastures green, and the curious tree where money grows. We know you would come back when you felt, but didn't pay much about it at the time.

PLENTY OF TIME.

News Item: "On the other hand, members of the committee claim that by selecting a nominee much time and trouble were saved, and the nominee of the committee is the nominee of the Democratic party."

That's funny. It's real funny.

Much time would have been saved, if.

Yes, and much worry could have been saved. But it's too late now, for there's another kind of worry coming.

The committee has no right to claim that its nominee is the nominee of the party. If the committee thinks it has a right, then let the people say. The people will settle those little misunderstandings. You can then tell by the results of the election on the 20th, whether the people endorse the action of the committee.

If Mr. Mulkey gets about three or four votes to Mr. Spauld's one, all over the Third District, that will be a sign that the people thought the committee exceeded its authority. That will be about the result.

CLIPPED From The Exchanges

Stock Raising in the Black Belt.

A number of farmers in the black belt of Alabama have turned their attention to stock raising and the growing of feed and grain. This has been one of the great cotton sections of the state but the bad weather has caused a change which is destined to make that one of the richest parts of Alabama.—Southern Democrat.

Serious Situation.

There are reports of frauds in the recent elections in several counties in Alabama. The charges are published boldly in the newspapers. This is a serious situation. There is no excuse for it now. The ballot thief is a more dangerous citizen than the chicken thief. He should be ferreted out and punished. We need an example of this kind set up in Alabama.—Randolph Leader.

No community can be progressive and the individual members of society be contented and happy without a neighborly feeling of mutual help and co-operative enterprise.—Florida News-Democrat.

Want Advertise Liquor Business.

A western liquor house is still looking space in our paper to advertise its non-destruible goods, and even sent me a stamped envelope for an acceptance, but it was promptly turned down. While in need of advertisements to help on bridge over the dull summer season we could not, without doing great violence to our conscience, handle disreputable business.—Montreal Advertiser.

We Turned Down the Same.

Since we have been in charge of the Reformer we have intemperately refused to publish liquor advertisements, and have, in that time, thrown away many opportunities to make considerable money by accepting such contracts. This week we were called upon to make a heavy financial sacrifice for principle. The United Brewers Association has entered upon a campaign of education, which has for its object the inculcation of the idea that beer, used temperately, is productive of good health, good morals, etc. We think differently; that strong drink is a curse and the bane of civilization, and therefore the brewers' contract has taken a trip to the waste paper basket.—Geneva Reformer.

Would Abolish Useless Jobs.

Governor-to-be Henderson announces that he is in favor of abolishing all "useless jobs," and that he will oppose all appropriations which the state will be unable to pay. If the governor will just stick to that resolution we pledge him we'll not make application for a single job during his administration.—Scottsboro Progressive Age.

If Roosevelt Was President.

Yes, it must be confessed, if Roosevelt was president we might have right now been on our way to Mexico City; but would we have the sympathy of foreign powers in our haste to get there?—Montgomery Journal.

Not Successful Farmers.

How many farmers of Autauga county can truly say they raise enough to be able to run for office, food supplies to run them through the year? If they do not, then they are not successful farmers.—Prattville Progress.

AFTER SUFFERING TWO LONG YEARS

Mrs. Asslin Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Minneapolis, Minn. — "After my little one was born I was sick with pains in my sides which the doctors said were caused by inflammation. I suffered a great deal every month and grew very thin. I was under the doctor's care for two long years without any benefit. Finally after repeated suggestions to try it we got Lydia E. Pinkham's Vegetable Compound. After taking the third bottle of the Compound I was able to do my housework and today I am strong and healthy again. I will now let others know about my case." — Mrs. JOSEPH ASSLIN, 628 Monroe St., N. E., Minneapolis, Minn.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for women's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham, Medicine Co., (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

SALVATION ARMY

Adj. Grimshaw a week ago had an appeal in the Morning News for one hundred citizens of Dothan to help them furnish their new hall with that number of chairs. The hall has been fitted up in kind hearts and was opened up for services. Kind crowds attended the Sunday school in the afternoon and at night a fine service was held with a good crowd in attendance. Adj. Grimshaw has secured the

chairs for the new hall to be used to do so.

From the appeal in the News for 100 people to pay for a chair at 50 cents each only eleven of this number have responded so far. The Adj. would like to ask those who are interested in the Army's work to help them clear this debt and if \$50 can be raised then the Army in Dothan will be out of debt and the good work will go on. Is there not some one who will come to their help in this city of wealth?

Adj. Grimshaw will be glad to receive a check large or small or call over the phone (141) will bring him to your home or office in short order. God loveth a cheerful giver. Salvation Army headquarters 312 E. Crawford street. P. O. Box 215.

A BUSINESS MAN'S ADVICE

Yes sir young man I received your letter or application. It's down there in the basket with about fifty others but I am sorry to say we can't use you.

Why? you ask. Well I'll tell you. You no doubt know many things but I learn from your letter that you do not happen to know anything we want done. Really the only position here you could even attempt to fill would be either general manager or office boy. I am trying to fill on of them and the other you probably would not accept.

Oh yes your references as to character are entirely satisfactory but I know from your letter of application that you can't compose good business letters and your penmanship is so bad that we could not think of having it on our books. You tell me you know nothing whatever about bookkeeping and are not rigid and accurate in figures and do not know anything about business terms, business paper or even a method you say you are not even a good hand writer and you can't read and apply for a position which is evident you cannot fill.

You say you can't fill no doubt of it but why didn't you learn before you came. Goodness knows we have enough to do without opening an instruction department to the benefit of those who haven't prepared themselves for business. I know you would like to get a start and work up and get an interest in the business and finally own the whole thing that ambition is entirely proper and commendable but you will have to get yourself ready to do corporate work before you can hope to command of the army.

Your father. Yes I know who your father is but he is not applying for this position. You are fortunate in having a good father and I assure you that it would please him but we could not in an application show just the ability and qualifications that he brings with him and your father are inadequate.

Now let me give you some advice. You no doubt know what is called a good general education with every young man should have you are ambitious to do something in the world but you are not ready and business men can get those who are so there is no place for you now my advice to you is go to the camp and get a military and thoroughly prepared yourself then come to us. There are always places waiting for good men. Take time enough to finish those high business courses in a shorthand too if you can, and then come and see me again. Good day sir.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky. — "I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

SHE KILLED HUSBAND

AND HID HIS BODY

Charleston, W. V., June 9.—Mrs. Dullie McSurely came from her home at Shrewsbury near here today, brought out Sheriff Bonnerhill and calmly told him she had killed her husband and was willing to pay the penalty. She said McSurely maltreated one of their children Saturday and attempted to kill her, whereupon she struck him with a hatchet and when he was prostrate, stabbed him. She then hid his body in the cellar until this morning, when she dragged it to a nearby railway and placed it on the rails. There it was mangled by a train. Afterwards, she said, she repented of having attempted to hide her act and confessed. Her story is being investigated.

SOCIETY

MISS MARY GRUBBENTHIEP, Editor PHONE 200

A VALENTINE

The golden glow of a summer's day
Rents over the verdant hills,
And the sunlight falls with mellow
light.

On the fields and laughing rills;
But 'ere its last beam fades away
Beyond the mountains high,
Our lips must bravely, sadly say,
The parting words, "Good-bye."

Kind friends and parents one and
all

Our gratitude is yours
For all your care and sympathy,
Which changelessly endure—
We'll try to end the present hours
So they will bring no sigh,
When in our happy days of school
We say our last "Good-bye."

Dear teachers, we shall never for-
get

The lessons you have taught,
The work your hands have
wrought,
And may they bring good gifts to
you.

These years that swiftly fly,
And may you kindly think of those
Who bid you now "Good-bye."

"Good-bye," it shall not be farewell
We hope again to meet;

But happy hours are ever short,
There's much to learn and much to
do.

O, may our arms be high,
And ever lead toward that bright
land,
Where none shall say "Good-
bye."
—A. F. Shouls.

lison and Mrs. Holland.

Two interesting reports were
given, one by Mrs. Geo. Malone,
on the convention held at Tusca-
loosa, and by Mrs. R. T. Ghent on
the Confederate reunion held at
Jacksonville.

A short program on Georgia, and
a most enjoyable article on Jeff
Davis read by Mrs. C. S. Tutwiler,
concluded the program.

Officers for the coming year were
elected: President, Mrs. R. T. Ghent;
1st vice president, Mrs. G. H. Malone;
